

PRIVACY POLICY

I. Name and address of the person responsible

The person responsible within the meaning of the Basic Data Protection Regulation and other national data protection laws of the member states as well as other provisions of data protection law is the Data Protection Officer:

Cortrium ApS - German Branch Office
V.d.d. Managing Director Jacob Erik Nielsen
Leipziger Platz 3
10117 Berlin

Tel: +49 (0) 172 731 0139
E-Mail: info@cortrium.com

www.cortrium.com

II. General information on data processing

Unless stated otherwise below, the provision of your personal data is neither legally nor contractually obligatory, nor required for conclusion of a contract. You are not obliged to provide your data. Not providing it will have no consequences. This only applies as long as the processing procedures below do not state otherwise. "Personal data" is any information relating to an identified or identifiable natural person.

1. Server log files

You can use our websites without submitting personal data.

Every time our website is accessed, user data is transferred to us or our web hosts/IT service providers by your internet browser and stored in server log files. This stored data includes for example the name of the site called up, date and time of the request, the IP address, amount of data transferred and the provider making the request. The processing is carried out on the basis of Article 6(1) f) GDPR due to our legitimate interests in ensuring the smooth operation of our website as well as improving our services.

2. The purpose of the processing of personal data

2.1 Customer account

When you open a customer account, we will collect your personal data in the scope given there. The data processing is for the purpose of improving your shopping experience and simplifying order processing. The processing will be carried out on the basis of art. 6 (1) lit. a GDPR with your consent. You can withdraw your consent at any time by contacting us without affecting the legality of the processing carried out with your consent up to the withdrawal. Your customer account will then be deleted.

Collection, processing, and transfer of personal data in orders

When you submit an order we only collect and use your personal data insofar as this is necessary for the fulfilment and handling of your order as well as processing of your queries. The provision of data is necessary for conclusion of a contract. Failure to provide it will prevent the conclusion of any contract. The processing will occur on the basis of Article 6(1) b) GDPR and is required for the fulfilment of a contract with you.

Your data is transferred here for example to the shipping companies and dropshipping providers, payment service providers, service providers for handling the order and IT service providers that you have selected. We will comply strictly with legal requirements in every case. The scope of data transmission is restricted to a minimum.

2.2 Newsletter

Collection and processing when using the contact form

When you use the contact form we will only collect your personal data (name, email address, message text) in the scope provided by you. The data processing is for the purpose of making contact. By submitting your message you agree to the processing of your transmitted data. Processing will be carried out on the basis of art. 6 (1) lit. a GDPR with your consent. You can withdraw your consent at any time by contacting us without affecting the legality of the processing carried out with your consent up to the withdrawal. We will only use your email address to process your request. Finally your data will be deleted, unless you have agreed to further processing and use.

Use of your email address for mailing of newsletters

We use your email address outside of contractual processing exclusively to send you a newsletter for our own marketing purposes, if you have explicitly agreed to this. The processing will be carried out on the basis of art. 6 (1) lit. a GDPR with your consent. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal. You can unsubscribe from the newsletter at any time using the relevant link in the newsletter or by contacting us. Your email address will then be removed from the distributor.

Your data will be forwarded to a service provider for email marketing in the course of order processing. It will not be forwarded to other third parties.

2.3 Merchandise management

Forwarding of your email address to shipping companies for information on shipping status

We forward your email address to the shipping company in the course of contractual processing, if you have explicitly agreed to this in the order process. The forwarding is for the purpose of informing you by email on the shipping status of your order. The processing will be carried out on the basis of art. 6 (1) lit. a GDPR with your consent. You can withdraw your consent at any time by contacting us or the transport company without affecting the legality of the processing carried out with your consent up to the withdrawal.

Use of a merchandise management system

We use a merchandise management system in the course of order processing for the purposes of contractual processing

3. Content customer file / register

Cortrium's customer file may contain the following types of personal information about current and prospective customers and customer organizations.

Title

First name / Surname

Email (up to three different, on demand)

Telephone number

Job title

Practice name / Clinic

Address of the practice / clinic

Permission or prohibition of direct marketing

IP address

Order history

Cookie information

Other personal data collected with the consent of the data subject.

Other personal information may be collected directly or through Cortrium's website with the consent of the individual concerned. Information collected through Cortrium's Web site may include the individual's response to Cortrium's marketing communications or actions on Cortrium Web sites. For example, actions taken on the Cortrium Web site may include information about downloading files or completing forms.

4. Multiple sources of personal data

Personal information may be collected when current or potential customers are contacted during various events or meetings. Personal information may also be collected through Cortrium's Web site and other digital marketing communications. Cortrium may also collect personal information, such as when you download a document or complete a form on our Web site.

5. Storage time of personal data

After contractual processing has been completed, the data is initially stored for the duration of the warranty period, then in accordance with the retention periods prescribed by law, especially tax and commercial law, and then deleted after the period has elapsed, unless you have agreed to further processing and use.

Cortrium will make all reasonable efforts in connection with such rectification without undue delay. Cortrium will evaluate the legal basis of the personal data at least every two (2) years.

6. Disclosure of personal data

Cortrium may share personal information within the company in accordance with applicable law. Personal data may also be transferred in accordance with applicable law if Cortrium uses cooperation partners or service providers for data processing or if the transfer of personal data is necessary for the purpose of fulfilling an order in the sense of a sales partnership.

In order to fulfil your order to provide an offer for a requested device or service, we may forward the personal data you have entered to service providers or dealers who are active in your region.

Following the forwarding, specialist companies and/or dealers will contact you by e-mail and/or telephone in order to prepare an offer.

The personal data can also be passed on to authorities in legal cases.

7. Transmission of personal data

Cortrium may transfer personal information outside the EU or EEA within the Company within the limits of applicable law. Personal data may also be transferred by Cortrium outside the EU or the EEA within the framework of applicable law if cooperation partners are used for data processing.

8. The protection of personal data

Cortrium reserves the right to store personal data manually and digitally. Manual personal data is stored in a locked place. Manual and digital data can only be accessed within the organization by the appropriate employees who process the personal data in the course of their work. The digital personal data stored in the systems are technically protected by modern protective measures.

Cortrium has taken appropriate technical and organizational measures to protect personal data from accidental or unlawful loss, delivery, misuse, alteration, destruction or unauthorized access. The employees of Cortrium are obliged to treat the personal data received during the processing of personal data confidentially.

9. Rights of the affected person

If the legal requirements are fulfilled, you have the following rights according to art. 15 to 20 GDPR: Right to information, correction, deletion, restriction of processing, data portability. You also have a right of objection against processing based on art. 6 (1) GDPR, and to processing for the purposes of direct marketing, according to art. 21 (1) GDPR.

Requests relating to the rights of the data subject should be sent to the following e-mail address: info@cortrium.com

Please contact us in writing at the following e-mail address if you have any questions regarding the deletion or modification of the stored data: info@cortrium.com

You can contact our data protection officers directly at: jacob.nielsen@cortrium.com

10. Right to object

If the data processing outlined here is based on our legitimate interests in accordance with Article 6(1)f) GDPR, you have the right for reasons arising from your particular situation to object at any time to the processing of your data with future effect. If the objection is successful, we will no longer process the personal data, unless we can demonstrate compelling legitimate grounds for the processing that outweigh your interests or rights and freedoms, or the processing is intended for the assertion, exercise or defence of legal claims.

If personal data is being processed for the purposes of direct advertising, you can object to this at any time by notifying us. If the objection is successful, we will no longer process the personal data for the purposes of direct advertising.

11. Right to complain to the regulatory authority

You have the right to complain to the regulatory authority according to art. 77 GDPR if you believe that your data is not being processed legally.

The supervisory authority to which the complaint was submitted informs the complainant of the status and outcome of the complaint, including the possibility of a judicial remedy under Article 78 GDPR.

Requests relating to the rights of the data subject should be sent via the [contact form](#) on our website.

12. Security

Cortrium wants to keep your data safe. That's why Cortrium uses two-factor authentication, file encryption, and alerts when new devices and applications are associated with your account. Cortrium uses automated technology to detect abusive behavior and content that could harm our services, you, or other users.

13. Changes to this Privacy policy

Cortrium reserves the right to make changes to this privacy statement.

III COOCKIES

Our website uses cookies. Cookies are small text files which are saved in a user's internet browser or by the user's internet browser on their computer system. When a user calls up a website, a cookie may be saved on the user's operating system. This cookie contains a characteristic character string which allows the browser to be clearly identified when the website is called up again.

Cookies will be stored on your computer. You therefore have full control over the use of cookies. By choosing corresponding technical settings in your internet browser, you can be notified before the setting of cookies and you can decide whether to accept this setting in each individual case as well as prevent the storage of cookies and transmission of the data they contain. Cookies which have already been saved may be deleted at any time. We would, however, like to point out that this may prevent you from making full use of all the functions of this website.

Using the links below, you can find out how to manage cookies (or deactivate them, among other things) in major browsers:

Chrome Browser: <https://support.google.com/accounts/answer/61416?hl=en>

Internet Explorer: <https://support.microsoft.com/en-gb/help/17442/windows-internet-explorer-delete-manage-cookies>

Mozilla Firefox: <https://support.mozilla.org/en-US/kb/enable-and-disable-cookies-website-preferences>

Safari: <https://support.apple.com/de-de/guide/safari/manage-cookies-and-website-data-sfri11471/mac>

3.1 Technically necessary cookies

Insofar as no other information is given in the data protection declaration below we use only these technically necessary cookies to make our offering more user-friendly, effective and secure. Cookies also allow our systems to recognise your browser after a page change and to offer you services. Some functions of our website cannot be offered without the use of cookies. These services require the browser to be recognised again after a page change. Processing is carried out on the basis of art. 6 (1) lit. f GDPR due to our largely justified interest in ensuring the optimal functionality of the website as well as a user-friendly and effective design of our range of services.

You have the right to veto this processing of your personal data according to art. 6 (1) lit. f GDPR, for reasons relating to your personal situation.

3.2 Cookies to collect general information about the use of the website

These cookies measure, for example, when and which pages users visit, how many people they visit, and whether these visitors are new or returning visitors to the site. Cookies are also used in connection with the performance and functionality of the website. No cookies are used to identify the visitor or to address visitors with online advertising. Without these cookies, Cortrium cannot monitor the performance of the website and online services and use this information to make relevant improvements to improve the browsing experience.

3.3 Embedded content from other websites

Articles on this website may contain embedded content (e.g. videos, images, articles, etc.). The same applies to embedded content from other websites as if the visitor had visited this website himself.

These sites may collect information about you, use cookies, embed additional tracking by third parties, and monitor your interaction with that embedded content, including tracking your interaction with that embedded content when you have an account and are logged on to that site.

3.4 Marketing related cookies

Marketing related cookies are used to collect information about visitors' responses to Cortrium and Pfizer Pharma GmbH marketing communications and promotions on Cortrium's website. These cookies can track visitors' browsing habits, downloaded documents or completed forms.

These cookies are used to improve our marketing communications and customer relationships, to provide more relevant and diverse marketing communications, and to profile the users of our website. Marketing related cookies will not be used without the consent of the user.

IV Analytics

4.1 Use of Hotjar

Cortrium uses Hotjar in order to better understand our users' needs and to optimize this service and experience. Hotjar is a technology service that helps Cortrium to better understand our users' experience (e.g. how much time they spend on which pages, which links they choose to click, what users do and do not like, etc.) and this enables us to build and maintain our service with user feedback. Hotjar uses cookies and other technologies to collect data on our users' behavior and their devices (in particular the device's IP address (captured and stored only in anonymized form), device screen size, device type (unique device identifiers), browser information, geographic location (country only), preferred language used to display our website). Hotjar stores this information in a pseudonymized user profile. Neither Hotjar nor Cortrium will ever use this information to identify individual users or to match it with additional data on an individual user. For further details, please see Hotjar's privacy policy by clicking on [this link](#).

You can opt-out the creation of a user profile, Hotjar's storing of data about your usage of our website and Hotjar's use of tracking cookies on other websites by following this [opt-out link](#).

4.2 Use of Google Analytics

Our website uses the web analysis service Google Analytics from Google LLC. (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation. The processing of data serves to analyse this website and its visitors and for marketing and advertising purposes.

Google will use this information on behalf of the operator of this website to evaluate your use of the website, to compile reports on website activity and to provide other services to the website operator relating to website and internet use. In this process the following information, inter alia, can be collected: IP address, date and time of the website access, click path, information on the browser and the device you are using, the pages visited, referrer URL (website via which you accessed our website), location data, purchasing activities. The IP address

transmitted from your browser within the scope of Google Analytics is not associated with any other data held by Google.

Google Analytics uses technology such as cookies, web storage in the browser and tracking pixels which enable an analysis of your use of the website. The information generated by these regarding your use of this website is usually transferred to a Google server in the USA and stored there. IP anonymisation is activated on this website. Google uses this to shorten your IP address beforehand within Member States of the European Union or in other signatories to the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be transferred to a Google server in the USA and shortened there.

In accordance with the US-EU Data Protection Agreement, Google has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws.

The data processing, particularly the placing of cookies, is carried out with your consent on the basis of Article 6(1)(a) GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal. You can find more detailed information on the terms and conditions of use and data protection at

<https://www.google.com/analytics/terms/de.html>

and/or at <https://www.google.de/intl/de/policies/> and at <https://policies.google.com/technologies/cookies?hl=de>.

4.3 Use of Google Ads conversion tracking

Our website uses the online marketing program "Google Ads", including conversion tracking (evaluation of user actions). Google conversion tracking is a service operated by Google LLC (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation.

If you click on adverts placed by Google, a cookie is placed on your computer for conversion tracking. These cookies have limited validity, do not contain any personal data and thus cannot be used for personal identification. If you visit certain pages on our website and the cookie has not yet expired, we and Google can recognise that you have clicked on the advert and were forwarded to this page. Every Google Ads customer receives a different cookie. It is therefore not possible to track cookies relating to the websites of Ads customers.

The information collected using the conversion cookie serves the purpose of producing conversion statistics. This allows us to find out the total number of users who have clicked on our adverts and were forwarded to a page equipped with a conversion tracking tag. However, they do not receive any information with which could be used to personally identify users.

Your data may be transmitted to the USA. In accordance with the US-EU Data Protection Agreement, Google has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws.

The data processing, particularly the placing of cookies, is carried out with your consent on the basis of Article 6(1)(a) GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal.

You will find more information as well as Google's data privacy policy at:

<https://www.google.com/policies/privacy/>

4.4 Use of the remarketing or "similar target groups" function by Google Inc.

Our website uses the remarketing or "similar target groups" function by Google LLC (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation. This application serves to analyse visitor behaviour and visitor interests. Google uses cookies to analyse website use, forming the basis for producing interest-related adverts. Cookies allow for the recording of website visits as well as anonymised data on the use of the website. The personal data of website visitors is not saved. If you then visit another website in the Google display network you will then be shown adverts which are more likely to take previous areas of product and information interest into account.

Your data may be transmitted to the USA. In accordance with the US-EU Data Protection Agreement, Google has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws.

The data processing, particularly the placing of cookies, is carried out with your consent on the basis of Article 6(1)(a) GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal.

You can find more detailed information on Google remarketing as well as the associated data privacy policy at: <https://www.google.com/privacy/ads/>

You may opt-out of Google Analytics for Display Advertisers including AdWords and opt-out of customized Google Display Network ads by visiting the Google Ads Preferences Manager. To provide website visitors more choice on how their data is collected by Google Analytics, Google has developed an Opt-out Browser add-on, which is available by visiting Google Analytics Opt-out Browser Add-on, to enable you to opt-out of Google's programs.

For more information about how Google uses your information, please visit

<https://policies.google.com/technologies/partner-sites>

If you do not want Google Analytics to be used in your browser, you can opt-out at

<https://tools.google.com/dlpage/gaoptout>

V Plug-ins

5.1 Use of the Google Tag Manager

Our website uses the Google Tag Manager from Google LLC. (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation. This application manages JavaScript tags and HTML tags which are used in particular to implement tracking and analysis tools. The data processing serves to facilitate the needs-based design and optimisation of our website. The Google Tag Manager itself neither stores cookies nor processes personal data. It does, however, enable the triggering of further tags which may collect and process personal data. You can find more detailed information on the terms and conditions of use and data protection at <https://www.google.com/intl/de/tagmanager/use-policy.html>.

5.2 Use of social plug-ins

Our website uses social network plug-ins. The integration of social plug-ins and the data processing associated with this serves the purpose of optimising the advertising for our products.

The integration of social plug-ins involves a connection between your computer and the servers of the service provider of the social network which then instructs your web browser to display the plug-in on that web page, provided you have expressly consented to this. In this process, both your IP address as well as the information on which web pages you have visited will be transmitted to the provider's servers. This happens regardless of whether you are registered with or logged into the social network. The information is transferred even if users are not registered or logged in. Should you be connected simultaneously with one or more of your social network accounts, the collected information may also be assigned to your corresponding profiles. When using the plug-in functions (e.g. by pressing the appropriate button), this information will also be assigned to your user account. You can therefore prevent this assignment by logging yourself out before visiting our website and before activating the button for your social media accounts. The processing is carried out on the basis of Article 6(1)(a) GDPR with your consent. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal. The following social networks are integrated in our website through social plug-ins. You can find more detailed information on the scope and purpose of collection and use of the data and your associated rights and options for protecting your privacy in the provider's privacy policy via the link.

LinkedIn by LinkedIn Corporation (2029 Stierlin Court, Mountain View, CA 94043, USA)
<https://www.linkedin.com/legal/privacy-policy?trk=uno-reg-guest-home-privacy-policy>

5.3 Use of Google reCAPTCHA

Our website uses the reCAPTCHA service by Google LLC (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the data controller responsible for your data if you have your habitual residence in the European Economic Area or Switzerland. Google Ireland Limited is therefore the company affiliated with Google which is responsible for processing your data and for compliance with applicable data protection laws.

The request serves to distinguish whether the input was made by a human or automatic machine processing. For this purpose your input will be transmitted to Google and used by them further. In addition, the IP address and any other data required by Google for the reCAPTCHA service will be transferred to Google. This data will be processed by Google within the EU and potentially also in the USA.

Transmission of data to the USA is covered by an adequacy decision by the European Commission, the "Privacy Shield". Google participates in "Privacy Shield" and has submitted to its requirements.

Processing is carried out on the basis of Article 6(1)(f) GDPR due to our legitimate interest in protecting our website from automated spying, misuse and SPAM. **On grounds relating to**

your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out in accordance with Article 6(1)(f) GDPR.

You can find more detailed information on Google reCAPTCHA and the associated data protection declaration at: <https://www.google.com/recaptcha/intro/android.html> and <https://www.google.com/privacy>.

5.4 Use of Google invisible reCAPTCHA

Our website uses the invisible reCAPTCHA service by Google Inc. (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). This serves to distinguish whether the input was made by a human or automatic machine processing. In the background, Google collects and analyses usage data which is also used by invisible reCaptcha to distinguish between regular users and bots. For this purpose your input will be transmitted to Google and further used there. In addition, the IP address and, where applicable, other data required by Google

for the invisible reCAPTCHA service will be transmitted to Google. This data will be processed by Google within the European Union and, where necessary, also in the USA. For data processing in the USA, in accordance with the US-EU Data Protection Agreement, Google has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws. The processing is carried out on the basis of Article 6(1)(f) GDPR due to our legitimate interest in protecting our website against automated spying, misuse and SPAM. **On grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out in accordance with Article 6(1)(f) GDPR.**

You can find more detailed information on Google reCAPTCHA and the associated data privacy policy at: <https://www.google.com/recaptcha/intro/android.html> and <https://www.google.com/privacy>.

5.5 Use of GoogleMaps

Our website uses the function for embedding Google Maps by Google LLC (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation. This feature visually represents geographical information and interactive maps. Google also collects, processes, and uses data on visitors to the website when they call up pages with embedded Google maps.

Your data may also be transmitted to the USA. In accordance with the US-EU Data Protection Agreement, Google has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws. The data processing, particularly the placing of cookies, is carried out on the basis of Article 6(1)(f) GDPR due to our legitimate interest in the needs-based and targeted design of the website. **On grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out in accordance with Article 6(1)(f) GDPR.**

Further information on the data collected and used by Google, your rights and privacy can be found in Google's privacy policy at

<https://www.google.com/privacypolicy.html>. You also have the option of changing your settings in the data protection centre, allowing you to administer and protect the data processed by Google.

5.6 Using Vimeo

Our website uses plug-ins from Vimeo Inc. (555 West 18th Street New York, New York 10011, USA; "Vimeo") to integrate videos into the "Vimeo" portal.

If you access pages on our website that contain this kind of plug-in, this will generate a connection to the Vimeo server and indicate the plug-in on the site by means of a message in your browser. Information such as your IP address and which websites you have visited will be transmitted to the Vimeo server.

If you are logged into Vimeo, Vimeo will assign this information to your personal user account. When using the plug-in functions (e.g. starting a video by pressing the appropriate button), this

information will also be assigned to your Vimeo account. Your data may be transmitted to the USA. In accordance with the US-EU Data Protection Agreement, Vimeo has become subject to the "Privacy Shield" and is therefore obliged to observe European data protection laws.

The data processing is carried out on the basis of Article 6(1)(f) GDPR due to our legitimate interest in the needs-based and targeted design of the website and the legitimate interest of Vimeo in market analysis and improving its services appropriately and in a targeted manner.

On grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out in accordance with Article 6(1)(f) GDPR.

If you would not like Vimeo to directly assign the information collected to your Vimeo account, you must log out of Vimeo before you visit our site.

Further information on the purpose and scope of enquiry and continued use and processing of the data by Vimeo and your associated rights and options for protecting your privacy can be found in the Vimeo data privacy policy: <https://vimeo.com/privacy>

Last update: 18. November 2019
